Received: 4 August 2017 Accepted: 4 August 2017
Published online: 09 August 2017

Following the publication of this article [1], it was brought to our attention that unfortunately there is an error in the Abstract.

The Abstract currently reads: “...This have made *L. lactis* a desirable and promising host on par with other well established model bacterial or yeast systems such as *Escherichia coli*, *Salmonella cerevisiae* and *Bacillus subtilis*...”

This should instead read: “...This have made *L. lactis* a desirable and promising host on par with other well established model bacterial or yeast systems such as *Escherichia coli*, *Saccharomyces cerevisiae* and *Bacillus subtilis*...”
