# Correction to: Gut microbial characteristics of adult patients with allergy rhinitis

Libing Zhu<sup>1</sup>, Feng Xu<sup>2</sup>, Wenrong Wan<sup>2</sup>, Bin Yu<sup>3</sup>, Lin Tang<sup>3</sup>, Yimin Yang<sup>4</sup>, Yanling Du<sup>5</sup>, Zhangran Chen<sup>6,7,8\*</sup>   
and Hongzhi Xu<sup>6,7,8\*</sup>

## Correction to: *Microb Cell Fact* (2020) 19:171

<https://doi.org/10.1186/s12934-020-01430-0>

Following publication of the original article [1], the authors identified three errors: two in the author name of Hongzhi Xu and Yimin Yang, and one in the caption of Fig. 1.

The author names Hongzhi Xu and Yimin Yang had been incorrectly spelled as ‘Hongzhu Xu’ and ‘Yiming Yang’.

While Fig. 1 had been (incorrectly) captioned with ‘Comparisons of bacterial diversity between AR and

non-AR patients. a The bacterial á diversity indexes comparison including Chao1, J and Shannon. Letters indicate the ANOVA groupings. b Differences in bacterial community structures between samples from AR and non-AR’

The name and caption have been corrected in the original article.

Please also find the corrected author name and figure caption in this correction article.

The authors apologize for any inconvenience caused.

The original article can be found online at <https://doi.org/10.1186/s12934-020-01430-0>.

Ready to submit your research? Choose BMC and benefit from:

- fast, convenient online submission
- thorough peer review by experienced researchers in your field
- rapid publication on acceptance
- support for research data, including large and complex data types
- gold Open Access which fosters wider collaboration and increased citations
- maximum visibility for your research: over 100M website views per year

At BMC, research is always in progress.
